Textile Art of Japan-Sunny Yang 1989 Even in Japan, with its rich tradition of textile art, handcrafted textiles are rapidly becoming a rarity, as they are replaced by mass-produced bolts of cloth that can never duplicate the feel or vibrancy of those created by the personal touch of a master craftsman with an original idea. The importance of obtaining just the right shade of indigo blue, or artfully stenciling on a flower or a cloud, or weaving a fabric so that it appears as richly decorated as a tapestry all make for the allure of Japanese fabrics. Whether for a kimono, a sash, or a coat, cloth in Japan is
woven, dyed, and embroidered with infinite care. The professional pride and craft techniques of the Japanese have resulted in visual and tactile masterpieces, and Japanese textile craftsmen are deservedly ranked among the most skilled in the world. Thankfully, even during the breathtaking modernization of Japan, a small number of artists and craftsmen are struggling to keep this ancient art alive. The Japanese have traditionally viewed textiles as an embodiment of no only beauty but as family heirlooms and repositories of history, making the study of Japanese fabric a door into another culture, another people, another time. In Textile Art of Japan, sunny Yang and Rochelle Narasin venture through that door, inviting the reader to follow them. They start with a brief but informative history of those most typical forms of Japanese dress, the kimono and the obi, and then move on to introduce the techniques of dyeing, weaving, and needlework that distinguish Japanese textiles, discussing their traditions, practical methods, and use of different types of fabric.

**Tie-dye**-Virginia Gleser 1999 Learn the history and secrets of tie-dyeing and create your own beautiful fabrics This user-friendly book will show you how to create seven unique and beautiful designs. Clear, simple instructions including photos of each stage of the tying and dyeing process will guide you. Includes a source listing of permanent high quality dyes.

**The Kimono Inspiration**-Textile Museum (Washington, D.C.) 1996 The book explores the use and meaning of the kimono in America and traces the transformation of the garment from its ethnic origins, through its many appearances in fine art, costume, and high fashion, to its role in the contemporary Art-to-Wear Movement. It explores the American use of the kimono as a garment, as a symbol, and as an art form.

**The Story of the Kimono**-Jill Liddell 1989 The complete story of the Japanese kimono as an object to wear and as a work of art
Modanizumu-William J. Tyler 2008-01-04 Remarkably little has been written on the subject of modernism in Japanese fiction. Until now there has been neither a comprehensive survey of Japanese modernist fiction nor an anthology of translations to provide a systematic introduction. Only recently have the terms "modernism" and "modernist" become part of the standard discourse in English on modern Japanese literature and doubts concerning their authenticity vis-a-vis Western European modernism remain. This anomaly is especially ironic in view of the decidedly modan prose crafted by such well-known Japanese writers as Kawabata Yasunari, Nagai Kafu, and Tanizaki Jun'ichiro. By contrast, scholars in the visual and fine arts, architecture, and poetry readily embraced modanizumu as a key concept for describing and analyzing Japanese culture in the 1920s and 1930s. This volume addresses this discrepancy by presenting in translation for the first time a collection of twenty-five stories and novellas representative of Japanese authors who worked in the modernist idiom from 1913 to 1938. Its prefatory materials provide a systematic overview of the literary movement’s salient features—anti-naturalism, cosmopolitanism, the concept of the double self, and actionism—and describe how modanizumu evolved from its early "jagged edges" into a sophisticated yet popular expression of Japanese urban life in the first half of the twentieth century. The modanist style, characterized by youthful exuberance, a tongue-in-cheek tone, and narrative techniques like superimposition, is amply illustrated. Modanizumu introduces faces altogether new or relatively unknown: Abe Tomoji, Kajii Motojiro, Murayama Kaita, Osaki Midori, Tachibana Sotoo, Takeda Rintaro, Tani Joji, Yoshiyuki Eisu, and Yumeno Kyusaku. It also revisits such luminaries as Kawabata, Tanizaki, and the detective novelist Edogawa Ranpo. Key works that it culls from the modernist repertoire include Funahashi Seiichi’s Diving, Hagiwara Sakutarō’s "Town of Cats," Ito Sei’s Streets of Fiendish Ghosts, and Kawabata’s film scenario Page of Madness. This volume moves beyond conventional views to place this important movement in Japanese fiction within a global context: an indigenous expression born of the fission of local creativity and the fusion of cross-cultural interaction.

Kabuki Plays On Stage. Volume 2-James R. Brandon 2002-05-31 Kabuki Plays On Stage represents a monumental achievement in Japanese theatre studies, being the first collection of kabuki play translations to be published in twenty-five years. Fifty-one plays, published in four volumes, vividly trace kabuki’s changing relations to Japanese society during the premodern era. Volume 1 consists of thirteen plays that showcase early kabuki’s scintillating and boisterous styles of performance and illustrates the contrasting dramatic techniques cultivated by actors in Edo (Tokyo) and Kamigata (Osaka and Kyoto). The twelve plays translated in Volume 2 cover a brief period, but one that saw important developments in kabuki architecture, acting, dance, and the manipulation of characters and themes. As the series title indicates, the plays were translated to capture the vivacity of performances on stage. The translations, each accompanied by a thorough introduction that contextualizes the play, are based not only on published texts, but performance scripts and the study of the plays as they are performed in theatres today. Each volume is lavishly illustrated with rare woodblock prints in full color of Tokugawa- and Meiji-period productions as well as color and black-and-white photographs of contemporary performances.

Turning Point-Metropolitan Museum of Art (New York, N.Y.) 2003 Japan’s brief but dramatic Momoyama period (1573-1615) witnessed the struggles
of a handful of ambitious warlords for control of the long-splintered country and finally the emergence of a united Japan. This was also an era of dynamic cultural development in which the feudal lords sponsored lavish, innovative arts to proclaim their newly acquired power. One such art was a ceramic ware known as Oribe, whose mysterious sudden appearance and rise in popularity are explored in this book. Ceramics are closely connected to the tea ceremony and central to Japanese culture. In this context Oribe wares represented a unique and major development, since they were the easiest Japanese ceramics to carry extensive multicolor decoration. Boldly painted with geometric and naturalistic designs, they display sensuous glazes, especially in a distinctive vitreous green, as well as a whole repertoire of playful new shapes. Their genesis has traditionally been ascribed to Furuta Oribe (1543/44-1615), a warrior and the foremost tea master of his time, who appears to have played a crucial role in redefining the aesthetics of Japan. Over seventy engaging vessels of Oribe ware, along with striking examples of other types of wares produced in the same milieu, make up the heart of this catalogue.

American Bookseller 1987

Fracture-Gordon Dickie 2006-03-01 There is a grain of truth to every Aspen legend which subtly augments the unique mystique of this adulated mountain Mecca. Aspen is a collection of the notable and the notorious, the famous and the infamous, and those who live by chicanery while socially conscious tycoons surreptitiously ogle each others jets. Extremes of habitation range from the sumptuous castles to the humble abodes yet all residents zealously imbibe the elixir of a blissful nirvana in a Cinderella setting. It is a perennial stage for mind boggling incidents of movie stars shooting disenchanted lovers, gonzo journalists shooting themselves, physicists grappling with sub atomic particles while writing cookbooks and divorced Red Mountain piranhas disciplining their wayward houseboys. Everyone has their favorite reminiscence which they have deliciously nourished and disseminated. There are many tall tales, hyperbolical exaggerations, mesmerizing myths, macho posturing; all heavily embellished during the many years of amusing, audacious spectacles and overflowing buckets of Red Onion frothy libations. Recently, this electrifying recollection of a lamentable Aspen episode was guilefully coaxed out of a reluctant, aging powder hound by his spellbound audience in the desolation of the Canadian Bugaboos after a memorable heli-skiing day caressing the crystalline fluff. Whether this story is fact, fiction or fantasy, a discreet mention of it in hushed tones still raises a few gray eyebrows of those from previous generations.

A Hedonist's Guide to London-Fleur Britten 2008 A Hedonist's Guide to London brings one of the world’s most exciting cities to life. Visiting the UK’s capital is not just about big red buses and Piccadilly Circus, but gourmet cooking, chic bars, underground clubs and some of the best shopping in Europe. London’s prominence on the fashion, food and design scene in recent years looks set to continue and this is just the guide to help the outsider become an insider.

The Influence of Japanese Art on Design-Hannah Sigur 2008 During America’s Gilded Age (dates), the country was swept by a mania for all things Japanese. It spread from coast to coast, enticed everyone from robber barons to street vendors with its allure, and touched every aspect of life from patent medicines to wallpaper. Americans of the time found in Japanese art every design language: modernism or tradition, abstraction or realism, technical virtuosity or unfettered naturalism, craft or art, romance or functionalism. The art of Japan had a huge influence on American art and design. Title compares juxtapositions of American glass, silver and metal arts, ceramics, textiles, furniture, jewelry, advertising, and packaging with a spectrum of Japanese material ranging from expensive one-of-a-kind art crafts to mass-produced ephemera. Beginning in the Aesthetic movement, this book continues through the Arts & Crafts era and ends in Frank Lloyd Wright’s vision, showing the reader how that model became transformed from Japanese to American in design and concept. Hannah Sigur is an art historian, writer, and editor with eight years’ residence and study in East and Southeast Asia. She has a master’s degree from the Institute of Fine Arts, New York University, and is completing a PhD in the arts of Japan. Her writing include co-authoring A Master Guide to the Art of Floral Design (Timber Press, 2002), which is listed in "The Best Books of 2002" by The Christian Science Monitor and is now in its second edition; and "The Golden

The Public Interest- 1972

My Fair Ladies-Julie Wosk 2015-07-28 The fantasy of a male creator constructing his perfect woman dates back to the Greek myth of Pygmalion and Galatea. Yet as technology has advanced over the past century, the figure of the lifelike manmade woman has become nearly ubiquitous, popping up in everything from Bride of Frankenstein to Weird Science to The Stepford Wives. Now Julie Wosk takes us on a fascinating tour through this bevy of artificial women, revealing the array of cultural fantasies and fears they embody. My Fair Ladies considers how female automatons have been represented as objects of desire in fiction and how “living dolls” have been manufactured as real-world fetish objects. But it also examines the many works in which the “perfect” woman turns out to be artificial—a robot or doll—and thus becomes a source of uncanny horror. Finally, Wosk introduces us to a variety of female artists, writers, and filmmakers—from Cindy Sherman to Shelley Jackson to Zoe Kazan—who have cleverly crafted their own images of simulated women. Anything but dry, My Fair Ladies draws upon Wosk’s own experiences as a young female Playboy copywriter and as a child of the “feminine mystique” era to show how images of the artificial woman have loomed large over real women’s lives. Lavishly illustrated with film stills, artwork, and vintage advertisements, this book offers a fresh look at familiar myths about gender, technology, and artistic creation.

World Clothing and Fashion-Mary Ellen Snodgrass 2015-03-17 Taking a global, multicultural, social, and economic perspective, this work explores the diverse and colourful history of human attire. From prehistoric times to the age of globalization, articles cover the evolution of clothing utility, style, production, and commerce, including accessories (shoes, hats, gloves, handbags, and jewellery) for men, women, and children. Dress for different climates, occupations, recreational activities, religious observances, rites of passages, and other human needs and purposes - from hunting and warfare to sports and space exploration - are examined in depth and detail. Fashion and design trends in diverse historical periods, regions and countries, and social and ethnic groups constitute a major area of coverage, as does the evolution of materials (from animal fur to textiles to synthetic fabrics) and production methods (from sewing and weaving to industrial manufacturing and computer-aided design). Dress as a reflection of social status, intellectual and artistic trends, economic conditions, cultural exchange, and modern media marketing are recurring themes. Influential figures and institutions in fashion design, industry and manufacturing, retail sales, production technologies, and related fields are also covered.

The Fire Rose-Mercedes Lackey 1995-10-01 Beauty Meets Beast in San Francisco Accepting employment as a governess after hard times hit her family, medieval scholar Rosalind Hawkins is surprised when she learns that her mysterious employer has no children, no wife, and she is not to meet with him face to face. Instead, her duties are to read to him, through a speaking tube, from ancient manuscripts in obscure, nearly-forgotten dialects. A requirement for the job was skill in translating medieval French, and she now understands the reason for that requirement, and assumes her unseen employer’s interest in the descriptions of medieval spells and sorcery is that of an eccentric antiquary. What she does not realize is that his interest is anything but academic. He has a terrible secret and is desperately searching for something that can reverse the effects of the misfired spell which created his predicament. At the publisher’s request, this title is sold without DRM (Digital Rights Management).

Japanese Costume & Makers-Helen Minnich 2012-11-13 With dozens of photographs and expertly written text, this Japanese clothing book is the authoritative guide on the kimono. Japanese Costume invites the reader to explore the world of Japan’s textile arts and costume decoration—from its origins in legendary times, through its brilliant development in the intervening centuries, to its emergence into the modern era. The book which is the first in English to present the full sweep of Japanese achievement in the costume arts, is essential the story of the kimono and its evolution. The text is accompanied by a generous selection of fine
illustrations and photographs: 54 in full color, 119 in black and white, and 12 line drawings. They include not only pictures from contemporary sources—such as the picture scrolls and woodblock prints—but also photographs of kimono masterpieces and representative textiles.
