Eventually, you will agreed discover a new experience and ability by spending more cash. nevertheless when? realize you believe that you require to get those every needs later having significantly cash? Why dont you attempt to get something basic in the beginning? Thats something that will guide you to understand even more nearly the globe, experience, some places, in the manner of history, amusement, and a lot more?

It is your certainly own grow old to be active reviewing habit. accompanied by guides you could enjoy now is end of the ages has come below.

The End of the Ages Has Come-Dale Allison 2013-10-01 "How does one explain the New Testament texts that seem to announce the imminent arrival of the long-awaited Day of the Lord? In this study, Dale Allison presents a comprehensive analysis of the first-century beliefs about the period of suffering and tribulation which was to precede the general resurrection of the dead. Although such beliefs were not uncommon, they have received little attention from New Testament scholars. Dr. Allison argues that they provided the conceptual tools that allowed New Testament writers to make sense of the death and resurrection of Jesus, without abandoning altogether Jesus' own
messianic expectations and belief in some imminent radical change. Dr. Allison shows that the realized eschatology of the Gospels is not, as is so often thought, the product of Jesus' own teaching and preaching. Rather, it stems from the reflection of the earliest Christian communities on the death of Jesus, in the light of his belief in an imminent End. Dr. Allison offers a stimulating and detailed account of the teaching of Jesus and of the New Testament records of the passion and resurrection of Jesus. He concludes his study with an important discussion of the way this process of reflection has continued throughout Christian history and indeed how it continues to influence Christian thinking today."

The End of the Ages Has Come-Dale C. Allison
1985-01-01

Saviour of The World-Jonathan Ramachandran
2014-08-31 The Saviour of the World Book was written from a raw research style point of view in a crude way to illustrate the idea of ages or aeons or olams by indulging into the various occurrences of the word in the Bible. Possible exegesis to its meanings are explored with known Christ Centered Universalist scholars quoted and analyzed. Apart from that, the author adds support exegesis in that direction even sometimes diverting into unrelated topics to highlight certain common misconceptions or warn against some sins which may have been taken lightly at large. This book developed out of a personal interest and curiosity over this Topic and thus the author maintains his thoughts on the matter though mingled with certain unrelated subjects to defend more of the literal view of Biblical Exegesis.

Jesus Is Coming Soon: Discern the End-Time Signs and Prepare for His Return-Guillermo Maldonado
2020-09-29 Shakings, Signs, and the Return of Christ You are mentioned in biblical prophecy. You may not be mentioned by name, but you are included there. End-times prophecies
speak of faithful followers of Jesus--called the "remnant"--who are ready for the last days and His return, but they also speak of those who are unprepared or fall away before His appearing. Which prophecy will you fulfill? Jesus Is Coming Soon: Discern the End-Time Signs and Prepare for His Return will help you be certain you are part of God's remnant. The signs of the end of the age and Jesus's appearing are evident in the physical and spiritual worlds. But most people, including Christians, have not recognized them. What signs has God given to announce the culmination of His purposes for the world? How can we discern them? How can we prepare? This book will unfold: The reason for the unprecedented natural and spiritual shakings in our world What the signs tell us, including unusual signs such as blood moons How God works according to seasons, eras, and the fullness of time How Jewish feasts point to the ages of man, accurately showing us God's time clock Which imminent biblical signs and promises have yet to be fulfilled The judgments God is bringing to the earth God has given prophecies concerning Israel, the church, and the world. And His Spirit is disclosing His last-days purposes right now. We need to know how to receive the vital revelation and prophetic knowledge He wants to share with His people. When we have this foreknowledge, we can understand the times and prepare for His final plans for the earth. God intends the church to be a community of hope, revival, and supernatural power in the midst of dark times. There is a spirit of confusion in the world today. People must turn to God for the answers only He can give, and the church needs to be ready to provide those answers. In these end times, you do not need to be fearful, discouraged, or distracted. Instead, you can know your true position in God before Christ's appearing. You can be joyfully prepared, watching and waiting in expectation, with your spiritual eyes open. Live in God's perfect will for your life and participate in His supernatural, last-days purposes!

The Bible and the Future - Anthony A. Hoekema 1994 'Anthony Hoekema brings to the study of biblical prophecy and eschatology a maturity that is rare among contemporary works on the subject. Free of sensationalism, he evinces a reverence for the Scriptures and a measured scholarship...One of the best studies on eschatology available.' ---Christianity Today

The Last Days According to Jesus - R. C. Sproul 2000-10 Analyzes what Jesus said about when he would return and the last days would arrive (as in Matthew 24:34). Defends the trustworthiness of Jesus' teachings.

The Timeless Age of God - Russell Redden 2009-03-01 A doctrine once common in Apostolic times unlocks the meaning of many Bible passages. Ancient Jews, Christians, Gnostics, and Greek philosophers, believed that heaven is an unchanging place of timelessness—the first dimension where creation began, and will return at the end of time. This book catalogs evidence of this theology throughout the Bible, and numerous ancient texts. Unknown to the majority of Christians, the theology of two aeons is central to many Bible passages, many of them related to the ascension of Christ. The Son of Man ascended into the unchanging Spirit of God the Father, who lives in heaven outside of time and space. This knowledge was revealed to ancient Israel, a testimony of Christ's priesthood many years before He walked the earth.

The Kingdom of God is Coming - Robert E Lorimer Th M Ed S 2020-03-29 This is written for believers in and followers of Jesus Christ in Protestant, Roman Catholic and Orthodox churches, my sisters and brothers in Christ. Many Evangelical and Pentecostal believers will already be familiar with the Book of Revelation, the last book of the Christian Bible. But, for
others that book has been counted as too mysterious or non-relevant for teaching and preaching at this time. However, it appears to become more relevant for our world in the 21st Century. Old and New Testament prophecies appear to be heading toward to what the Bible calls the Day of the Lord and the End of the Age. The Book of Revelation gives a description of events that will happen as God's plan for the ages comes to an end. Revelation chapter 1, verse 3 says, "Blessed is the one who reads aloud the words of this prophecy, and blessed are those who hear, and who keep what is written in it, for the time is near." That was written almost 2,000 years ago, so "the time" is that much closer. The word "blessed" can mean "happy." The word "keep" means to "keep safe." It is important for followers of Jesus Christ in our day to be aware of what lies ahead for the Church, it is our hope and our joy, leading to holy living. In this book terms such as Apocalypse, the Tribulation, Anti-Christ, the False-Prophet, Rapture of the Church, Armageddon, the Four Horsemen of the Apocalypse, the End of the Age and others are explained. Blest and happy and hopeful is God's promise for those who read and hear the words of this book, and keep it safe for others. The time may be nearer than we may expect. There is Heaven to gain, and Hell to escape for those who acknowledge Jesus Christ as Lord and Savior.

Night Comes-Dale C. Allison Jr. 2016 A deeply personal take on the mystery of what lies beyond death When he was 23 years old, Dale Allison almost died in a car accident. As a result of this experience, his ideas about death and the hereafter changed dramatically. In Night Comes Allison wrestles with big questions concerning the last things -- What happens to us after we
die? Why does death so often terrify us? Armed with his acknowledged expertise in historical, theological, and biblical scholarship, Allison offers an engaging, personal exploration of such themes as death and fear, resurrection and judgment, and hell and heaven, discussing all these in light of modern science, Scripture, the history of doctrine, and his own experience. As he ponders, explains, criticizes, and creatively imagines -- engaging throughout with biblical texts, church fathers, rabbinic scholars, poets, and philosophers -- Allison offers fascinating fare that will captivate many a reader's heart and soul.

God's Grand Finale and the End of the Age-Gary D. Longbrake 2019-01-03 Through the ages many kings and prophets have desired to see the things we see and they did not see them, we are the chosen generation. Many prophecies of scripture are being fulfilled before our eyes and there are many more that are about to come. The rebirth of the state of Israel and the return of the Jews to the Holy Land is prophesied more than any other event in scripture, it is a sign of the times. Theodor Herzl is considered to be the father of the modern state of Israel. In his book, “The Jewish State,” published 1896, it is said that as a child he saw King-Messiah in a dream, who said to him; “Go, declare to the Jews that I shall come soon and perform great wonders and great deeds for My people and for the whole world.” Theodor’s prophetic dream comes to life in the Biblical prophecies presented in this book. There is seen in the prophets a great and awesome SHOW of God’s mighty power that shall take place in the last days. It is a show of God’s power that is greater than anything He has done before, it is God’s Grand Finale! End Time events and the return of Christ will soon follow.

Jesus Research-James H. Charlesworth 2014-01-23 This volume explores nearly every facet of contemporary Jesus research — from eyewitness criteria to the reliability of memory, from archaeology to psychobiography, from oral
traditions to literary sources. With contributions from forty internationally respected Jewish and Christian scholars, this distinguished collection of articles comes from the second (2007) Princeton-Prague Symposium on Jesus Research. It summarizes the significant advances in understanding Jesus that scholars have made in recent years through the development of diverse methodologies. Readers already knowledgeable in the field will discover unique angles from well-known scholars, and all will be amply informed on the current state of Jesus studies.

First Corinthians—George T. Montague
2011-11-01 This Catholic commentary on First Corinthians interprets Scripture from within the living tradition of the Church for pastoral ministers and lay readers alike.

Mission Between the Times—C. René Padilla
2010-10-04 This revised version includes a new essay on the contemporary history of integral mission, a history that began with the Latin American Theological Fellowship, progressed within the Lausanne Movement, is bearing fruit globally through the Micah Network, and challenges evangelicals to address the major issues of our day. By almost any measure, a bold and confident use of the Bible is a hallmark of Christianity. Underlying such use are a number of assumptions about the origin, nature and form
of the biblical literature, concerning its authority, diversity and message. However, a lack of confidence in the clarity or perspicuity of Scripture is apparent in Western Christianity. Despite recent, sophisticated analyses, the doctrine is ignored or derided by many. While there is a contemporary feel to these responses, the debate itself is not new. In this excellent study, Mark Thompson surveys past and present objections to the clarity of Scripture; expounds the living God as the Guarantor of his accessible, written Word; engages with the hermeneutical challenges; and restates the doctrine for today.

John's Use of the Old Testament in Revelation-Gregory K. Beale 1999-06-01 This book explores the variety of ways John contextually uses the Old Testament in the Apocalypse. The introduction surveys and evaluates recent studies, which have been divided over the issue of whether or not John uses the Old Testament with sensitivity to its original literary context (Beale, Fekkes and Bauckham argue in the affirmative, while Ruiz and Moyise contend that this was not John's focus and see implications for 'reader-response criticism'). The remainder of the book looks at various ways in which John uses the Old Testament and argues that there is a reciprocal interpretative relationship between the Old Testament and the Apocalypse. Studies of special interest concern the bearing of the Old Testament on Revelation's eschatology, on the issue of the millennium, and on the thorny problem of the grammatical solecisms.

Beyond Chapter and Verse-Ken Casillas 2018-02-28 Do you struggle to connect the dots between the Bible and your life? While Christians instinctively want to apply Scripture, we encounter difficulties that can discourage us and diminish our engagement with God’s Word. Indeed, biblical application has suffered in various ways in the church—everything from neglect to abuse to contempt. Responding to such challenges, Beyond Chapter and Verse
provides a biblically based rationale for the practice of application and then proposes a biblically consistent method for application. The book is substantive but accessible, relevant for believers generally as well as preachers. It begins by sketching the broad theological context of Bible application, relating it to the gospel generally and to sanctification specifically. The heart of the study then synthesizes key Old and New Testament passages relative to the process of application. Building on this foundation, the book sets forth a sensible approach for arriving at legitimate applications of Scripture. A rich assortment of positive and negative case studies illustrates the method, motivating believers to apply the Scriptures for themselves.

**Loving the Church**-Christoph Schönborn
1998-01-01 In this series of retreat meditations preached to Pope John Paul II and the papal household during a Lenten retreat, Cardinal Christoph Schönborn uses the Catechism of the Catholic Church (of which he was the general editor) and Sacred Scripture to lead us to a deeper union with Christ by helping us to understand and love the Church, His bride. To love the Church, which the Catechism calls "a living communion with Jesus Christ," we must see her with the eyes of Jesus, who "loved the Church and gave Himself up for her." As he draws us into a deeper understanding of the Church, who she is and where the deepest wellsprings of her being lie are the theme of his meditations. He also illustrates many points by using the thoughts of the new doctor of the Church, St. Thérèse of Lisieux. She found her vocation to be "love in the heart of the Church" and can offer us a renewed and vital vision of the Church.

**The Law, the Covenant and God's Plan**-Kari Kuula 1999

**Foundations of Dispensational Truth**-E. W. Bullinger 2009-01-01 Often identified as a
proponent of Hyper-dispensationalism - which recognizes a clear distinction between the Church and Israel and believes that the Christian Church began with the ministry of the Apostle Paul - E.W. Bullinger here attempts to examine the basis of dispensational truth as found in Paul's Epistles. In doing so, he hopes to clarify "the dividing of the Word of Truth at Acts 28" for those searching for a greater understanding of their beliefs. Controversial in the eyes of traditional Christianity, this defining work is of value to Christian and Jewish scholars alike. British clergyman ETHELBERT WILLIAM BULLINGER (1837-1913) was one of the most respected Bible scholars of the 19th century. He is author of numerous works including Commentary on Revelation, Great Cloud of Witnesses, and How to Enjoy the Bible.

Colossians and Philemon - Marianne Meye Thompson 2005-11-02 Colossians and Philemon have traditionally been overshadowed by other New Testament texts thought to express Pauline theology more clearly. In this notable commentary, however, Marianne Meye Thompson shows how these two epistles provide a unique formulation of the gospel in terms of creation and reconciliation rather than justification by faith. In Colossians she finds an overarching narrative of the Bible's grand creation-redemption story and an important emphasis on the relationship between creation and Christology, while her exploration of Philemon casts brighter light on the significance of Paul's familial metaphors for the church and the meaning of new humanity in Christ. Throughout her work on these two epistles, Thompson continually connects her insights to theological concerns, making this volume an excellent addition to the Two Horizons series.

The Crucifixion - Fleming Rutledge 2017-02-09 Few treatments of the death of Jesus Christ have made a point of accounting for the gruesome, degrading, public manner of his death by crucifixion, a mode of execution so loathsome...
that the ancient Romans never spoke of it in polite society. Rutledge probes all the various themes and motifs used by the New Testament evangelists and apostolic writers to explain the meaning of the cross of Christ. She shows how each of the biblical themes contributes to the whole, with the Christus Victor motif and the concept of substitution sharing pride of place along with Irenaeus's recapitulation model.

**Radical Christianity**-Christopher Rowland  
2004-12-09 At different times and places, Christian ideas have had a radical, critical role and have served as a basis for programs of social change. This concise and clearly written book documents the history of radical Christianity by discussing some of the most important developments and figures, from the millenarian movements of early Christianity to the liberation theology of today. Christopher Rowland begins by discussing the character and transformation of early Christian ideas and the ongoing patterns of protest against the status quo. Subsequent chapters deal with the legacy of the Apocalypse and with the work of Thomas Muenzer and Gerrard Winstanley. A final chapter on liberation theology examines the role of religion in Latin America today, where basic Christian communities have emerged as power-houses of social and political reform. 'Radical Christianity' is a reading of recovery which shows that social criticism and hope for a better world are integral features of the Christian tradition. The book will be of great interest to students of religion and to anyone concerned with the role of religious ideas in past and present-day societies.

**Reading Romans within Judaism**-Mark D. Nanos 2018-06-28 Over fifty years ago, Vatican II’s Nostra Aetate 4 drew from Romans 11 to challenge the way Paul’s voice has been used to negatively discuss Jews and Judaism. The church called for Catholics to conceptualize Jews as “brothers” in “an everlasting covenant,” and many other Christian organizations have expressed similar sentiments in the years since.
Nevertheless, the portrayal of Jews as “branches broken off,” “hardened,” “without faith,” “disobedient,” and “enemies of God” whom Christians have “replaced” as “true Israel,” are among the many ways that readers encounter Paul’s views of Jews and Judaism in today’s translations and interpretations of this chapter, and throughout the letter as well. In the chapters in this volume, Nanos shows why these translations and interpretive decisions, among others, do not likely represent what Paul wrote or meant. Each essay offers challenges to the received view of Paul from the research hypothesis that Paul and the Christ-followers to whom he wrote were still practicing Judaism (a Jewish way of life) within subgroups of the Jewish synagogue communities of Rome, and that they understood Paul to observe Torah and promote Judaism for their communities.

From Jesus to Christ-Paula Fredriksen
2008-10-01 "Magisterial. . . . A learned, brilliant and enjoyable study."—Géza Vermès, Times

Literary Supplement In this exciting book, Paula Fredriksen explains the variety of New Testament images of Jesus by exploring the ways that the new Christian communities interpreted his mission and message in light of the delay of the Kingdom he had preached. This edition includes an introduction reviews the most recent scholarship on Jesus and its implications for both history and theology. "Brilliant and lucidly written, full of original and fascinating insights."—Reginald H. Fuller, Journal of the American Academy of Religion "This is a first-rate work of a first-rate historian."—James D. Tabor, Journal of Religion "Fredriksen confronts her documents—principally the writings of the New Testament—as an archaeologist would an especially rich complex site. With great care she distinguishes the literary images from historical fact. As she does so, she explains the images of Jesus in terms of the strategies and purposes of the writers Paul, Matthew, Mark, Luke, and John."—Thomas D’Evelyn, Christian Science Monitor
God with Us - Mark Allan Powell 1995-01-01 In successive chapters, Matthew's understanding of mission, worship, teaching, stewardship, and social justice are described in such a way as to assist the reader in understanding the theology of Matthew as a whole. Powell inquires into the direction and thrust of Matthew's Gospel in categories related to pastoral theology rather than systematic theology.

Matthew and the Mishnah - Akiva Cohen 2016-06-10 Akiva Cohen investigates the general research question: how do the authors of religious texts reconstruct their community identity and ethos in the absence of their central cult? His particular socio-historical focus of this more general question is: how do the respective authors of the Gospel according to Matthew, and the editor(s) of the Mishnah redefine their group identities following the destruction of the Second Temple? Cohen further examines how, after the Destruction, both the Matthean and the Mishnaic communities found and articulated their renewed community bearings and a new sense of vision through each of their respective author/redactor's foundational texts. The context of this study is thus that of an inner-Jewish phenomenon; two Jewish groups seeking to (re-)establish their community identity and ethos without the physical temple that had been the cultic center of their cosmos.

Christ and the Catholic Priesthood - Matthew Levering 2010-01-01

Carmen Christi - R. P. Martin 2005-09-08 Verses from the Epistle to the Philippians are seen as a carmen Christi, the earliest statement of the basis of the Christology of later times.

Written for Our Learning - Benjamin C. Sargent 2016-07-22 The idea of determinate or single meaning in biblical interpretation has long been
considered to be a purely modern idea, indissolubly wedded to the hermeneutics of historical criticism. At a time when historical criticism is increasingly viewed with theological suspicion, it must be asked whether determinate meaning has a future in biblical interpretation. Written for Our Learning explores the various expressions of single meaning within Christian theology, from the apostolic period to the present, and argues for the preservation of the discernment of determinate meaning as the goal of biblical reading and study.

Who is this Rock?-Garrett Soucy 2018-01-24
The Gospel is said to be concealed in the Old Testament and revealed in the New Testament. Often it can feel concealed in both. Using an everyday approach to typology and literary analysis, Garrett Soucy takes the reader through the Scriptures in order to hear the Gospel from the most unlikely of candidates—rocks and stones.

This highly original commentary, part of the New International Commentary, is unique for the way it combines concerns with first-century culture in the Roman world with understanding the text of Luke as a wholistic, historical narrative.

Prophecy and Hermeneutic in Early Christianity-Edward Earle Ellis 1978

Catholic Theology-Frederick C. Bauerschmidt 2016-03-28 Introduction to Catholic Theology is an accessible but in-depth examination of the ways in which Catholic theology is rooted in and informs Catholic practice. Weaves together discussion of the Bible, historical texts, reflections by important theologians, and contemporary debates for a nuanced look at belief and practice within the Catholic faith. Provides an overview of all major theological areas, including scriptural, historical,
philosophical, systematic, liturgical, and moral theology. Appropriate for students at all levels, assuming no prior knowledge yet providing enough insight and substance to interest those more familiar with the topic. Written in a dynamic, engaging style by two professors with more than 50 years of classroom experience between them.

**Handbook for the Study of the Historical Jesus (4 vols)** - Tom Holmén
2010-12-24
With ca. 120 articles from ca. 100 writers from ca. 20 countries, this publication forms a repository where students and scholars can readily get to know their way around the breadth of recent research on the historical Jesus.

**The Hope of the Early Church** - Brian Daley
1991-04-04
This book is an outline of the development of eschatological thought in the first seven centuries of Christianity. It is the first attempt, in any language, to give a comprehensive description of the origins of Christian eschatology, as it expanded from its Jewish roots and Jesus' preaching, and as it drew upon the philosophical and folkloric notions of death and its aftermath held by the peoples of the Mediterranean. Based on a study of the original texts, the book considers not only the eschatology of the Greek and Latin fathers, but also what can be known from the early Syriac, Coptic, and Armenian Christian literature. Brief and clearly-focused in its range of subjects, the book provides an accessible historical survey of a centrally important aspect of early Christian doctrine. This book is an outline of the development of eschatological thought in the first seven centuries of Christianity. It is the first attempt, in any language, to give a comprehensive description of the origins of Christian eschatology, as it expanded from its Jewish roots and Jesus' preaching, and as it drew upon the philosophical and folkloric notions of death and its aftermath held by the peoples of the Mediterranean. **The Triumph of God**-Johan Christiaan Beker
The special character of Paul's interpretation is marked by his ability to embody in his thought and praxis the movement of the incarnation, that is, the condescension of God into the depth of the human condition, so that the eternal Word of the gospel is able to become ever anew a word on target for the people to whom the gospel is addressed.

**Divine Healing**-Festus Akinnifesi 2005-06
This book presents compelling insights and practical blueprint, and balanced perspectives to the less travelled road -faith-based health care. Every believer ought to read this book. Your time has come!

**The Ten Commandments**-William P. Brown 2004-01-01
Offering a host of classic and new essays surveying the scholarly ethical and biblical debate surrounding the Ten Commandments, William Brown organizes his volume into three parts: the history of interpretation, contemporary reflections on the Decalogue as a whole, and contemporary reflections on individual commandments. A useful addition to ethics as well as Old Testament and Hebrew Bible courses, Brown's The Ten Commandments will be a standard reference for all Decalogue research, as it facilitates a helpful balance between moral, theological, and biblical study. The Library of Theological Ethics series focuses on what it means to think theologically and ethically. It presents a selection of important and otherwise unavailable texts in easily accessible form. Volumes in this series will enable sustained dialogue with predecessors.
though reflection on classic works in the field.

The Social Ethos of the Corinthian Correspondence—David G. Horrell 1996 An exemplary study, focussing on the Corinthian correspondence, of the social ethos of early Christian teaching and its development.
