The Language of Love: Zoltán Kövecses 1988 Arguing that romantic love is neither an undefinable mystic experience nor a phenomenon reducible to a labeled set of reactions, this study explores love's complexity and structure through analysis of the conventionalized linguistic expressions that speakers of English use to talk about it.

The Language of Love and Guilt: Ruth Wodak 1986-01-01 Although mother and daughter are two central female roles, they have rarely been investigated. The relationship is specific, certainly different than the mother[son or father]daughter relationships. And this difference manifests itself in sex-specific language behavior. Despite 'eternal' features of the mother[daughter] relationship, its quality is affected by individual psychological and by sociocultural variables. Thus, investigations took place in two big cities with very different structures and traditions: Vienna and Los Angeles. This is the first cross-cultural study which reflects and combines multiple linguistic, socio-psycholinguistic and text linguistic categories, approaches and methods to be able to investigate such an important topic as family relationships and the 'place' of women nowadays in our societies.

The Language of Love: Gary Smalley 2018-04-17 This book offers a time-tested method (over 500,000 copies sold) of bridging communication gaps . . . opening the door to greater intimacy and delivering lasting change. Struggling to Be Understood? Words have incredible power, especially when they say what you mean (and mean what you say). But that same power can be self-defeating, even destructive, when the message heard doesn’t match the message intended. Make the most of your communications by learning The Language of Love. Written by best-selling authors Gary Smalley and John Trent, it builds on communication basics introduced in The Two Sides of Love and shows how “emotional word pictures” can infuse understanding and intimacy into all of your relationships. This revised, updated edition of a classic resource is a wonderful tool for personal growth, small group studies, or couples’ classes.

The Language of Love & Respect: Emerson Eggerichs 2010-05 Finally an answer for the number one problem in marriages—communication! This analysis of the vital principles of cross-gender communication helps couples recognize they speak two different languages. Most advice on this subject fails to understand that husbands and wives are wired differently and when those wires get crossed, sparks can fly! Dr. Eggerich's bestselling book Love and Respect launched a revolution in how couples relate to each other. In The Language of Love and respect he shares how that message can be applied

The Language of Love, and Other Short Stories: Patricia Jean Jetson 2009

The Lover’s Tongue: Mark Morton 2003 This delightful book includes over 100 mini-essays explaining the origins and historical development of words in our language that pertain to love and sex. Do you know, for example, what a 78 is? Here's a hint: like the old 78 rpm records, the term refers to a man who is . . . well, on the fast side!

Diligently researched, The Lover’s Tongue is written in a light-hearted style. A dictionary of a different kind, this book is the perfect gift for that special someone, or for the connoisseur of language and history in your life.

The 5 Love Languages Singles Edition: Gary Chapman 2017-01-03 Simple ways to strengthen any relationship With more than 10 million copies sold, The 5 Love Languages® continues to transform relationships worldwide. The Languages of Love - Christine Brooke-Rose 1957

The Marriage Guide, Including the Language of Love, Etc - g. r. m Devereux 1907

The Syntact of Desire - Elena Lombardi 2007 In medieval culture, the consideration of language is deeply connected to other aspects of the system of knowledge. One interesting connection takes place between theories of language and theories of larger concepts such as love and desire. The Syntax of Desire is an interdisciplinary examination of the interlacing operation of syntax and desire in three medieval ‘grammars:’ theological, linguistic, and poetic. Exploring three representative aspects of medieval language theory, Elena Lombardi uncovers the ways in which syntax and desire were interrelated in the Middle Ages. She suggests that, in Augustine’s theology, the creative act of God in the universe emerges as a syntax that the human individual must interpret by means of desire; in the linguistic theory of the Modistae, she sees the syntax of language as parallel to a syntax of reality, one organized by the desiring interplay of matter and form; in Dante’s poetry, she argues that the language of the fallen human is bound together by the syntax of poetry, an act of desire that restores language to its primitive innocence. In addition to detailed analyses of medieval texts, The Syntax of Desire examines some aspects of the same relationship in light of contemporary linguistics, philosophy of language, and psychoanalysis.

The Language of Love - Sarah Marshall 2003

French - 1996 Helps you learn to speak the French language. Native speakers, captured in CD-quality sound, let you hear the precise pronunciations while color graphics and animations reinforce the lessons.

Speak to the Heart - Jennifer B. Duffy 2016-08-22 Gift giving, words of affirmation, physical touch, quality time, and acts of service—these are the five languages of love. We each speak them in our own unique ways; yet, all too
often, our partners, families, friends, and loved ones, the people with whom we share the deepest connection, speak a different language. We hear different dialects, read different passages, and perceive different tones, all the time wondering why the love we cherish so much leaves us empty. This is a journey to understand those languages and to give a voice to the people who speak them. Whether through grand gestures or small sacrifices, we all should speak to the heart!

The One Year Love Language Minute Devotional - Gary Chapman 2014-09-26 Are you and your spouse speaking the same language? He sends you flowers when what you really want is time to talk. She gives you a hug when what you really need is a home-cooked meal. The problem isn’t love—it’s your love language. Each one of us responds well to a different type of expression of love. The One Year Love Language Minute Devotional is your daily guide for expressing heartfelt love to your mate in a way that he or she can appreciate it.

The 5 Love Languages by Gary D Chapman - A 15-minute Instaread Summary - InstaRead Summaries 2014-10-21 PLEASE NOTE: This is a summary of the book and NOT the original book. The 5 Love Languages by Gary D Chapman - A 15-minute InstaRead Summary Inside this InstaRead Summary: • Overview of the entire book • Introduction to the important people in the book • Summary and analysis of all the chapters in the book • Key Takeaways of the book • A Reader's Perspective Preview of this summary: Chapter 1 Gary Chapman is an anthropologist and marriage counselor who has discovered the importance of love languages in relationships. The five languages of love he has discovered are words of affirmation, quality time, receiving gifts, acts of service, and physical touch. Husbands and wives rarely have the same love language. The key to a long lasting marriage is learning to speak a spouse’s primary love language. If a person wants their spouse to feel the expression of love they are trying to communicate, it must be expressed in that spouse’s primary love language. Chapter 2 The word love is the most important and confusing word in the English language as it is often used to describe feelings not only for people, but for objects and pets as well. It is also often used to justify inappropriate behaviors or character flaws. This causes some confusion as to what loving behavior truly is. To feel loved is a primary human need. Children need to feel love and affection or they tend to become socially or emotionally challenged. Much of the misbehavior of children can be attributed to an empty ‘love tank’. Even when physical needs are met, a person’s love tank still needs to be filled. The emotional need for love continues into adulthood and marriage. Before examining love languages, it is important to understand the euphoria that is experienced when a person falls in love.

Languages of Power in the Age of Richard II - Lynn Staley 2005 The last quarter of the fourteenth century in England offers fertile ground for anyone interested in the interplay of power and authority in an aristocratic society.

El lenguaje del carino entre padres e hijos / The Language of Love Between Parents and Children - Alejandra Velasco 2011-02-24

The Language of Love - Gary Smalley 2018-04-17 Words have incredible meaning, especially when they say what you mean. But often tongues get tied, and thoughts and ideas are expressed in ways that are easily misunderstood. Make the most of your messages by learning The Language of Love. Written by best-selling authors Gary Smalley and John Trent, it shows how "emotional word pictures" can infuse understanding and intimacy into all of your relationships. Great for personal growth, small-group studies, or couples classes!

God’s Love Language - Waldon Wright 2014-04-09 God’s Love Language is an easy to read, comprehensive, inspirational and thought provoking non-fictional, redemptive and life saving presentation on a subject that has eternal consequences for individuals, the family, society and our world. This researched work gives a clear and direct answer to the question: What is God’s Love Language? In doing so, it compares and contrasts God’s Love Language with human love language against the backdrop of love, love language, kinds of love, language and communication of love. This work also shows that God has a keen interest in building a saving and eternal relationship with human beings that is second to none. While God’s Love Language outlines the outstanding benefits to persons who have used it, are using it, and will use it in the future, it also presents consequences to those who knowingly refuse to use and endorse it. God’s Love Language also provides an inclusive list of persons who have used it. This list includes the rich, poor, educated, uneducated, as well as villains whose lives have been transformed permanently for good. By including users of various backgrounds and diverse experiences, it sets out to show that your life can be changed for the better; that your past does not have to define your future and your past sins or crimes need not imprison you to a life of doom and gloom. Then, as if in answer to your unspoken question, it gives the reason for this seemingly humanly impossible transformation as the beings who are at the centre of God’s Love Language. Then it culminates by providing you with a priceless opportunity to make a response in favour of God’s Love Language. Take this enviable, rewarding journey through this book. As you become thrilled by the gripping plots, scenes, and life changing stories along this seven chapter experience, you will conclude that while human love language is good, God’s Love language is a far more excellent way. Then encourage others to take the same journey as you did and endorse God’s Love Language.

The 5 Love Languages Men's Edition - Gary Chapman 2009-12-17 Husbands are commanded to love their wives. But do you know what really makes your wife feel loved? Are you tired of missed cues and confusing signals? Everyone has a primary love language-quality time, words of affirmation, gifts, acts of service, or physical touch. In The 5 Love Languages Men's Edition, #1 New York Times bestselling author Dr. Gary Chapman guides husbands in identifying, understanding, and speaking their wife's love language. Each chapter concludes with ten simple and practical ideas for expressing that love language to your wife. You'll both enjoy taking the new love languages assessment and building a lasting, loving marriage.

A Study of the Language of Love in the Song of Songs and Ancient Egyptian Poetry -- John Bradley White 1975

The Discourses of Love - Norman Levine 1997 Against the backdrop of the concept of love generated in the 18th century by the Romantic movement as an ongoing force in contemporary society, argues that such notions did not exist during classical Greek and Roman periods. Also severely critiques popular culture as using Romantic love to perpetuate the oppression of the new poor by commodifying affectionate sentimentality. Borrowing the master and slave vocabularies from Nietzsche, finds that the prevailing sexual code for the rich is pornography and libertarianism reminiscent of decadent Rome, while the poor live by a version of love that turns them into a colonized mass.
