**Apache Lightning: The Last Great Battles Of The Ojo Calientes**

by Donald E. Worcester

The Lipan Apaches borderlands—a bleak and unforgiving world where a people would make a final, bloody stand against an American war machine bent on their destruction. Slaughter; the great White Mountain scout Alchesay and the Apache female warrior Lozen; the fierce Apache warrior Geronimo; and the Apache Kid. These lives shaped the violent history of the deserts and mountains of the Southwestern range of circumstances and eras.

Something new about the Apache Wars.

Not until the United States' policy of extermination had succeeded in decimating them was the Southwest secure for white settlement. The author describes the Apache's life today on the Arizona and New Mexico reservations, where they manage to preserve some of the traditional ceremonies, while trying to provide livelihoods for all their people. Tragically far removed from the soaring eagles of yesterday, the Apaches still have a proud history in their struggles against the modern world.

**Coming on the Broadly Ground**

By Valor & Arms: From Frontier Days to the Apache Wars, 1848 to 1886

Richard G. Davis

The dominance of the tactical defensive, when defenders protected by fieldworks could deliver deadly fire from rifles and artillery against attackers advancing in close-ordered lines. The vulnerability of these offensive forces as they crossed the so-called "deadly ground" in front of defensive positions was even greater with the improvement of armaments after the Civil War.

**The Lipan Apaches**

by Thomas Anthony Britten

This study of one of the least known Apache tribes utilizes archival materials to reconstruct Lipan history through numerous threats to their society.
