**A Time for Dignity**

*Martha R. Plotkin* 1988

**Human Dignity and Human Security in Times of Terrorism**

*Christophe Paulussen*

2019-12-09 In this book, it is explained that despite a current drop in the number of deaths, terrorism should still be considered a serious and
widespread problem. However, the responses to this phenomenon are often more problematic from a long-term perspective. With the human rights framework under serious pressure, this edited volume offers a timely, important and critical in-depth analysis of human dignity and human security challenges in the lead-up, and in the responses, to current forms of terrorism. It aims to map how human dignity and human security can be secured and how law can constitute a source of trust at a time when Europe and the rest of the world continue to be plagued by terrorism. The authors are both established names and upcoming talent in this fastchanging and exciting field of law. They thoroughly analyse a variety of topical subjects, in more conceptual chapters—for example calling for the humanisation of the security discourse—and in highly practical contributions, in which for instance the Kafkaesque situation in which rendition and torture victim Abu Zubaydah still finds himself today is considered. This book, which focuses on, but is not limited to the situation in Western countries, aims to inspire not only academics—through further theorisation on the sometimes elusive but important concepts of human dignity and human security—but also practitioners working in the field of countering terrorism. It will hopefully convince them (even more) that following a human rights approach will be indispensable in securing human dignity and human security for all. Even—or in fact: especially—in times of terrorism. Christophe Paulussen is a Senior Researcher in the Research Department of the T.M.C. Asser Instituut in The Hague, The Netherlands and Martin Scheinin is Professor of International Law and Human Rights in the Department of Law of the European University Institute (EUI) in Florence, Italy.

Helping Battered Women-Albert R. Roberts
1996 Women battering is one of the most pervasive and dangerous problems in American society today. An estimated 8.7 million women fall victim to violence in their own homes each year. Helping Battered Women provides students with the most current, empirically-based and
realistic overview of policies and intervention methods, combining a rich array of perspectives by internationally recognized professors and scholars in the fields of social work, criminology, and clinical psychology. The authors provide cogent and clear arguments for advocacy and social change in such places as battered women's shelters, police precincts, state legislatures, family courts, and criminal courts. The book focuses on a full range of policies and programs which include case management service models, 24-hour hotlines and crisis intervention programs, social worker-police collaboration, mandated arrest of batterers, electronic technology, and group/play therapy for the children of battered women, methods which are all effective in breaking the inter-generational cycle of abuse.

**JUSTICE AND HUMAN DIGNITY IN AFRICA**-GMT EMEZUE

**Disrupting Dignity**-Stephen M. Engel 2021-06-15 Why LGBTQ+ people must resist the seduction of dignity In 2015, when the Supreme Court declared that gay and lesbian couples were entitled to the “equal dignity” of marriage recognition, the concept of dignity became a cornerstone for gay rights victories. In Disrupting Dignity, Stephen M. Engel and Timothy S. Lyle explore the darker side of dignity, tracing its invocation across public health politics, popular culture, and law from the early years of the HIV/AIDS crisis to our current moment. With a compassionate eye, Engel and Lyle detail how politicians, policymakers, media leaders, and even some within LGBTQ+ communities have used the concept of dignity to shame and disempower members of those communities. They convincingly show how
Dignity—and the subsequent chase to be defined by its terms—became a tool of the state and the marketplace thereby limiting its more radical potential. Ultimately, Engel and Lyle challenge our understanding of dignity as an unquestioned good. They expose the constraining work it accomplishes and the exclusionary ideas about respectability that it promotes. To restore a lost past and point to a more inclusive future, they assert the worthiness of queer lives beyond dignity’s limits.

Dignity of Ararat - Mustafa Bilgili 2010-07-01 .... and on the 17th day of the 7th month, the ark came to rest on the mountains of Ararat. The Holy Bible. Süper Masis nullus debet ascendere quia mater mundus est, Johannes Rusboerek. This is Armenian faith. An ancestor of Kurdish people. ... Und wir standen auf dem Gipfel des Ararat um ein Viertel nach 3 Uhr des 27. Septembers 1829! Prof. Parrot. There is a divine punishment for mortals climbing up Noah’s Mountain and breaking the divine law. Echmiadzin Monastery.

Noah’s Mountain, our mountain, is not to be climbed. A Kurd from Doğubeyazıt. Actually this mountain hasn’t been climbed. An Azerbaijani from Aralik. We took these lands from Byzantine, not the Armenians. General Kenan Evren. Look for the Ark, in the east of Turkey. A mysterious voice, Astronaut James Irwin. Visit the Holy Mountain as a tourist... The dignity of Ararat is the dignity of humanity.

The Mirage of Dignity on the highways of Human ‘Progress’ - Lukman Harees 2012-01-16 The Modern Man is hypocritically boasting of unprecedented material progress in a world ,
where, inter-alia millions daily go to bed hungry, die or get killed through unwanted wars and preventable causes, live in inhumane conditions, vulnerable being exploited, with ever widening inequality, and might still ruling over right in international relations, even in the post UDHR era! An indictment on the collective conscience of mankind. Besides, the flame of materialism has been devouring time tested moral values, causing chaos within the basic unit in society- the family and relegating Man and his dignity to the level of animals and even manipulating his identity. Therefore questions arise: Is Moral law fading; are political/economic systems and institutions like UN failing in realizing the lofty goal of affording due dignity, basic rights and social justice humanity deserves? Can the bystanders be mere onlookers anymore? This book seeks to dispassionately survey the yawning gap between the rhetoric and the ground reality in bringing about dignity and social justice for humanity from bystanders’ perspective in the light of these questions and underlines the imperative need for moral progress to go hand in hand to make Man assume his due role as the trustee on earth. It also exhorts bystanders to close ranks as human-dignity champions, rights defenders, identity protectors- against onslaughts from power hungry politicians, mighty powers and vested interests. This is the need of the times and what our future progeny demands.

**Fighting for Dignity**-Sarah S. Willen
2021-05-07 Fighting for Dignity explores the impact of a mass deportation campaign on African and Asian migrant workers in Tel Aviv and their Israeli-born children. In this vivid ethnography, Sarah Willen shows how undocumented migrants struggle to craft meaningful, flourishing lives despite the exclusion and vulnerability they endure.

**The Dignity of Resistance**-Roberta M. Feldman
2004-02-09 The Dignity of Resistance chronicles the four decade history of Chicago's Wentworth Gardens public housing residents' grassroots...
activism. This comprehensive case study explores why and how these African-American women creatively and effectively engaged in organizing efforts to resist increasing government disinvestment in public housing and the threat of demolition. Roberta M. Feldman and Susan Stall, utilizing a multi-disciplinary lens, explore the complexity and resourcefulness of Wentworth women's grassroots, organizing the ways in which their identities as poor African-American women and mothers both circumscribe their lives and shape their resistance. Through the inspirational voices of the activists, Feldman and Stall challenge portrayals of public housing residents as passive, alienated victims of despair. We learn instead how women residents collectively have built a cohesive, vital community, cultivated outside technical assistance, organizational and institutional supports, and have attracted funding - all to support the local facilities, services and programs necessary for the everyday needs for survival, and ultimately to save their home from demolition.

Congressional Record - United States. Congress 1963

Power, Suffering, and the Struggle for Dignity - Alicia Ely Yamin 2015-12-10 Directed at a diverse audience of students, legal and public health practitioners, and anyone interested in understanding what human rights-based approaches (HRBAs) to health and development mean and why they matter, this book provides a solid foundation for comprehending what a human rights framework implies and the potential for social transformation it entails.

From Disgrace to Dignity - Clemens Bartollas 2019-01-14 From Disgrace to Dignity: Redemption in the Life of Willie Rico Johnson examines the life of Rico Johnson who became the head of the Conservative Vice Lords, one of the largest street gangs in the United States. In
addition to highlighting his life, this work considers how redemption has affected his life. In addition, Minister Rico is identified as a Godfather. Much like the Godfathers found in organized crime families, Rico sees himself as providing a positive force to Vice Lords' gang members. On one hand, what this involves is taking care of their needs (he feeds 150 families a day) and, on the other hand, providing guidance and direction for members' lives.

Dignity in the Egyptian Revolution-Zaynab El Bernoussi 2021-07-01 Dignity, or karama in Arabic, is a nebulous concept that challenges us to reflect on issues such as identity, human rights, and faith. During the Arab uprisings of 2010 and 2011, Egyptians that participated in these uprisings frequently used the concept of dignity as a way to underscore their opposition to the Mubarak regime. Protesting against the indignity of the poverty, lack of freedom and social justice, the idea of karama gained salience in Egyptian cinema, popular literature, street art, music, social media and protest banners, slogans and literature. Based on interviews with participants in the 2011 protests and analysis of the art forms that emerged during protests, Zaynab El Bernoussi explores understandings of the concept of dignity, showing how protestors conceived of this concept in their organisation of protest and uprising, and their memories of karama in the aftermath of the protests, revisiting these claims in the years subsequent to the uprising.

Restoring Human Dignity and Building Self-reliance-Leslie Anne Hadfield 2010

In the early morning hours of February 19, 2006,
a sudden blast shook a coal mine in northern Mexico, trapping sixty-five workers in a subterranean tunnel. Napoleón Gómez, head of the fiercely independent union that represented the workers, was appalled by what he found at the scene: labor department inspectors and the company operating the mine had ignored the egregiously hazardous state of the work site and were failing miserably at a rescue effort. Rather than focusing on saving lives, they were busy downplaying the company's role in the collapse and selling false hope to the families camped out at the mouth of the mine. Less than a week after the explosion, Mexico's labor secretary called off the rescue, leaving the lost men to their fates. The senseless tragedy—stemming directly from an insatiable hunger for profits—set off a massive confrontation between the National Miners' Union and the transnational corporations that wield great power in the country's government. Over seven tumultuous years, Gómez waged a battle against Mexico's corrupt politicians and voraciously greedy businessmen, insisting that the mine blast was an "industrial homicide" and that those responsible must be held accountable for it. Told with candor and passion, Collapse of Dignity is Gómez's account of the union's fight, mounted in the face of traitors, armed aggression, death threats, and a political alliance extending all the way up to the presidential residence at Los Pinos. As he fends off absurdly complex legal charges, organizes the resistance from exile in Canada, and uncovers an anti-union conspiracy stretching back to years before the explosion, he only becomes more committed to fighting for the rights of Los Mineros—and by extension the workers of every country. Gómez's story is one of outrage, but also one of hope. Though Collapse of Dignity lays bare sickening injustice and inexcusable aggression against the Mexican working class, it is at its core a fervent call for a global workers' movement that will represent the fundamental rights of every person who works for a living.

**Dignity and Daily Bread**

2003-09-02 First published in 1993. Routledge is
Underprivileged School Children and the Assault on Dignity - Julia Hall 2014-07-17

Every day, children living in low-income communities have no choice but to grow up in a climate where they experience multiple unending assaults to their sense of dignity. This volume applies theoretical and historical insights to think through the increasingly undignified realities of life in economically marginalized communities. It includes examples of curricular challenges that low-income students in the US confront today while attempting to learn. Curricular challenges are analyzed as material texts that emerge out of student lived experiences in the economically disposed neighborhoods in which schools are located, and the dynamics of the schools and classrooms themselves. Attention is also paid to educators and students who push back against these forces in an effort to reclaim voice, identity and dignity.

Dignity and Defiance - James Shultz 2009-01-07

Dignity and Defiance is a powerful, eyewitness account of Bolivia's decade-long rebellion against globalization imposed from abroad. Based on extensive interviews, this story comes alive with first-person accounts of a massive Enron/Shell oil spill from an elderly woman whose livelihood it threatens, of the young people who stood down a former dictator to take back control of their water, and of Bolivia's dramatic and successful challenge to the policies of the World Bank and the International Monetary Fund. Featuring a substantial introduction, a conclusion, and introductions to each of the chapters, this well-crafted mix of storytelling and analysis is a rich portrait of people calling for global integration to be different than it has been: more fair and more just.

A Struggle to Walk with Dignity - Gerald A. Archambeau 2008-06-24

As Gerald A.
Archambeau retraces his experiences at the sharp edge of race relations in the workplace, we can see how personal courage, a strong fist, detailed record-keeping, and his bold persistence in addressing the powers-that-be all combined to help him pioneer a new social harmony built upon mutual respect.

**From Disgrace to Dignity**-Reggie Longcrier
2017-10-23 I pray this book will help you come to know, as I did, that God is still in the miracle working business. He can transform the worst in us from disgrace to dignity.

**Perseverance and Dignity**-Owen "Mitch" Griffith

**Community Corrections and Human Dignity**-Edward Wallace Sieh 2006 This book features unique insights of the complex world of probation in the U.S. with an emphasis on the role of human dignity.

**Japan Times & Mail- 1913**

**Losing Our Dignity**-Charles C. Camosy
2021-07-12 There is perhaps no more important value than fundamental human equality. And yet, despite large percentages of people affirming the value, the resources available to explain and defend the basis for such equality are few and far between. In his newest book Charles Camosy provides a thoughtful defense of human dignity. Telling personal stories like those of Jahi McMath, Terri Schiavo, and Alfie Evans, Camosy, a noted bioethicist and theologian, uses an engaging style to show how the influence of secularized medicine is undermining fundamental human equality in the broader culture. And in a disturbing final chapter, Camosy sounds the alarm about the next population to fall if we stay on our current trajectory: dozens of millions of human beings.
with dementia. Heeding this alarm, Camosy argues, means doing two things. First, making urgent and genuine attempts to dialogue with a secularized culture which cannot see how it is undermining one of its most foundational values. Second, religious communities which hold the Imago Dei sacred must mobilize their existing institutions (and create new ones) to care for a new set of human beings our throwaway culture may deem non-persons.

**Broken Dignity**-Michael J. Lando 2011-10-04 As a former adult film star, how do you rebuild a normal life when the world refuses to forget who you were? For Cristal Caprice, it seems impossible. It took nearly a decade for Cristal to escape the control of a sadistic tyrant named Mason, who refused to let her leave the sex industry alive. Three years later, Cristal re-emerges with a new identity in a new home, the small town of Thornwood. There, her new neighbors and friends know her only as Bianca Nubreze. Struggling to come to terms with her shameful past and adapt to a new life, Bianca isolates herself from the world and slowly sinks into a deep depression. As she teeters on the brink of suicide, Bianca finds acceptance and optimism in a Christian evangelist named Robyn. Even so, her new found hope in life is short-lived as her secret is exposed. Revelations about her past involvement with US Congressman Adrian Reese ignite a national media scandal, and her new life is turned inside out overnight. With her true identity and whereabouts exposed, Bianca becomes the town’s pariah and is once again relentlessly hunted by Mason. As her life spirals out of control, her only hope for redemption lies in her new found faith in God, Robyn, and a shrewd political strategist named Tamara who will do whatever it takes to protect Congressman Reese’s career ... at any cost.

**Dignity and Health**-Nora Jacobson 2012 In these hard times of global financial peril and growing social inequality, injuries to dignity are pervasive. "Indignity has many faces," one man
told Nora Jacobson as she conducted interviews for this book. Its expressions range from rudeness, indifference, and condescension to objectification, discrimination, and exploitation. Yet dignity can also be promoted. Another man described it as "common respect," suggesting dignity's ordinariness, and the ways we can create and share it through practices like courtesy, leveling, and contribution. Dignity and Health examines the processes and structures of dignity violation and promotion, traces their consequences for individual and collective health, and uses the model developed to imagine how we might reform our systems of health and social care. With its focus on the dignity experiences of those often excluded from the mainstream--people who are poor, or homeless, or dealing with mental health problems--as well as on vulnerabilities like age or sickness or unemployment that threaten to make us all feel "less than," Dignity and Health recognizes dignity as a moral matter embedded in the choices we make every day.

**Educating for Human Dignity**-Betty Reardon 2010-08-03 Issues of universal human rights are critically important topics in education today. Educators, scholars, and activists urge schools to promote awareness and understanding of human rights in their curricula from the earliest levels. Written by by Betty A. Reardon, one of the foremost scholars on human rights education for the primary and secondary levels, Educating for Human Dignity is designed for both teachers and teacher educators. It is the first resource offering both guidance and support materials for human rights education programs from kindergarten through high school. It opens possibilities for an holistic approach to human rights education that directly confronts the values issues raised by human rights problems in a context of global interrelationships.

**Matthew T. Mbu: Dignity in Service**-Mbu, M.T. 2018-09-26 Matthew Tawo Mbu was a Nigerian lawyer, politician, diplomat, and a
permanent fixture in Nigeria political affairs for more than fifty years. Most notably, he became the First Nigerian Chief Representative in Washington DC from 1955-1959, and was chief negotiator to the United Nations Disarmament Conference, Geneva between 1963-65; in 1992-1993 he served as Nigeria’s Minister of Foreign Affairs. Within Nigeria he was referred to as a Baby Minister, due to being just 23 years of age when he first became a federal minister; the youngest ever in the history of Nigeria. The British press, meanwhile, nicknamed him the "Wonder Boy of the Commonwealth" and his opinion was sought on many issues concerning not only Nigeria and Africa, but other Commonwealth sovereignties. He was a member of many international bodies: the London Institute of World Affairs; he was a Fellow of the Royal Society of Arts, and of the Royal Commonwealth Society. In 2001 he served as President of the Nigeria Society of International Law.

Dignity and Human Rights: The Implementation of Economic, Social, and Cultural Rights - Berma Goldewijk 2021-11-15

Abuse and Neglect of Older Adults in Community Settings - Charmaine Spencer 1996

The Concept of Human Dignity in Human Rights Discourse - David Kretzmer 2021-08-04

The Dignity of Commerce - Nathan Oman 2016
The Dignity of Commerce is a rigorous and novel exploration of moral justification of contract law through how it fosters well-functioning markets. Nathan B. Oman demonstrates how contract law deals overwhelmingly with the matters of commercial exchange, and how commerce in turn breeds habits of mind, or virtues, that support a liberal society. He also shows how markets provide a framework for peaceful cooperation across the fault lines of race,
culture, religion, and politics that outdo even democratic political institutions. The Dignity of Commerce is ambitious in its aims and its conclusions and the implications are powerful. It is sure to elicit a serious discussion at the very heart of one of the most central areas of legal studies, and Nathan B. Oman has provided a clear, engaging, and comprehensive vehicle to get the discussion started.

**Torture and Dignity**-J. M. Bernstein 2015-09-14
Torture and rape are only rarely considered by moral philosophers--because they are so indisputably morally atrocious acts and because their specific mode of suffering cannot be accounted for by reigning moral theories. By making them pivotal to the understanding of morality in general, however, Jay Bernstein's intention is to throw into question the dominant schools of modern moral philosophy and to attempt to restructure moral experience and understanding on the basis of the formations of suffering they make salient. Morals, Bernstein argues, emerge from the experience of moral injury, from the sufferings of the victims of moral harm. For us moderns, morality at its most urgent and insistent is, finally, a victim morality. This can sound hyperbolic; but since all of us are potential victims, it turns out that this perspective is readily available and intrinsic to ordinary ethical experience. One of Bernstein's pivotal arguments is that trust is a form of mutual recognition; that trust is the ethical substance of everyday life; and that understood aright trust is structured from the perspective of a potential victim of harm rather than from the perspective of a deliberating agent. This book promises to be a major contribution to moral philosophy.

**NIJ Reports**-

**Death of Dignity**-Victoria Brittain 1998 'Tells the miserable story of a revolution destroyed, analysing the moves of the mighty and speaking
up for the millions who have suffered as a result.' Guardian 'Few journalists know Angola better than Victoria Brittain. This is an excellent and timely account of a conflict for which we in the West share much of the blame.' Jon Snow

**Dignity**-Michael Rosen 2012-06-04 Dignity plays a central role in current thinking about law and human rights, but there is sharp disagreement about its meaning. Combining conceptual precision with a broad historical background, Michael Rosen puts these controversies in context and offers a novel, constructive proposal. "Penetrating and sprightly...Rosen rightly emphasizes the centrality of Catholicism in the modern history of human dignity. His command of the history is impressive...Rosen is a wonderful guide to the recent German constitutional thinking about human dignity...[Rosen] is in general an urbane and witty companion, achieving his aim of accessibly written philosophy." —Samuel Moyn, The Nation "[An] elegant, interesting and lucid exploration of the concept of dignity...Drawing on classical, liberal and Catholic traditions, Rosen hopes to rehabilitate dignity to its rightful place near the centre of moral thought...Rosen's admirable book deserves wide attention from political theorists, jurisprudences and political philosophers." —Simon Blackburn, Times Higher Education "Dignity deserves to be widely read, not only for its intrinsic interest, but also as a corrective to the habit of discussing such topics in abstraction from their social context. Whether or not one agrees with Rosen's arguments, there can be no doubt he has widened our horizons." —Rae Langton, Times Literary Supplement
